

## Acknowledging Max Planck Institute for Mathematics in publications and in preprints

Our scientists and guests are expected to acknowledge the institute in some way in publications that they have been working on while at MPIM. This is to help the library staff to keep track of all the relevant MPIM publications.

All MPIM publication details are listed in the [Publication repository](#) of the Max Planck Society.

Acknowledging can be done in several different ways:

1. List Max Planck Institute for Mathematics in Bonn as one of your **affiliations**
2. List Max Planck Institute for Mathematics in Bonn as a **funding source**
3. Mention MPIM in the **acknowledgements**, e.g.  
"The author is grateful to Max Planck Institute for Mathematics in Bonn for its hospitality and financial support."

### arXiv-Preprints report number

Add the following report number to your arXiv submissions containing work carried out at MPIM: MPIM-Bonn-[YEAR]

e.g. MPIM-Bonn-2022  
for submissions in 2022

Please note that you can also add the report number at a later stage without creating a new version of the submission. More details are available [here](#).
