

# Higher Homotopy Algebras in Topology

MAX PLANCK INSTITUTE  
FOR MATHEMATICS  
BONN

**May 9 - 10, 2019**

**Organizers:** José Moreno-Fernández & Felix Wierstra

## **Invited speakers**

**Alexander Berglund\*** (Stockholm University)

**Ricardo Campos** (Université de Montpellier)

**Joana Cirici** (Universitat de Barcelona)

**Vladimir Dotsenko** (Trinity College Dublin)

**Benoit Fresse** (Université de Lille)

**Najib Idrissi** (Université Paris Diderot)

**Pascal Lambrechts** (Université catholique de Louvain-la-Neuve)

**Aniceto Murillo** (Universidad de Málaga)

**Fernando Muro** (Universidad de Sevilla)

\* to be confirmed.

This mini-conference focuses on the most recent developments and applications of homotopy algebras in topology.
